Understanding Personality Differences and Dealing with Difficult People

Understanding and Bridging Generational Differences in the Workplace

Perinatal related topics and programs, including how to add humor and music into existing curriculums of any kind.

Nursing History & Songs for the Unsung Heroes

The Power of Laughter: Exploring the many personal and professional benefits of humor and laughter

Drawing from over 20 years as a nurse and community education instructor, Deb Gauldin immediately connects with healthcare audiences of all sizes and disciplines. She “gets it.” She’s been there!

The program Deb creates for your specific group will be built upon 15 years of customizing songs, stories, and humor for hundreds of delighted audiences around the world. In fact, Deb has written lyrics on subjects from pandemic bird flu emergency preparedness to a request for case management lyrics set to railroad tunes! (And those are just two examples!)

In every case, participants, meeting planners, sponsors, and even the exhibitors leave Deb’s programs feeling **relaxed**, **renewed** and **appreciated** for the work they do.

“You made me laugh. You made me cry. You made me proud.”

Barbara Nimocks, RN
Birth Center Unit Coordinator
The Richland Hospital, Inc., Richland, WI

Visit Deb's website for more information, to view her in action, or sample her songs. Drop Deb an e-mail, or better yet, speak with Deb personally by calling 800-682-2347. Be sure and mention where you first heard about Deb's programs so her office personnel can collaborate with the wonderful bureaus and agents who promote Deb's work!

"Deb is warm, genuine, and very flexible. We shared our conference goals and she delivered personalized songs and cartoons that captured our sentiments exactly! It can be risky bringing in a humorist, but Deb's material was refreshing and completely appropriate. I would not hesitate to bring Deb Gauldin in again. In fact, the conference attendees insist on it!"

Judith Draper APRN, BC
