with Personalized, Humorous Presentations

Deb Gauldin is a personable, talented and very funny speaker. An OB nurse for over 20 years, Deb has well over a decade of experience tailoring songs and stories for hundreds of audiences. She is best known for her ability to create music and lyrics about each event, **right on the spot!** From Fargo to New Zealand, women report leaving Deb's programs feeling relaxed, renewed and appreciated. Audiences, exhibitors, and meeting planners often take the time to share how her gentle and hilarious approach helped them to take the action steps needed to live fuller, healthier lives.

You will enjoy Deb's humor if you have ever replaced an entire row of Oreos to hide the evidence! You will appreciate her message if you have ever been made to feel less than the beautiful person you truly are.

"The women attending our annual breast cancer event were thrilled with Deb's presentation. She took us on an emotional roller coaster, yet in the end everyone was raving about how much fun they had and how very good it was to laugh."
